

Prepared under the direction of the President, Mississippi River Commission, Horizontal control by Mississippi River Commission and Corps of Engineers, U. S. Army, Memphis District and U. S. C. & G. S. Vertical control by Mississippi River Commission, Corps of Engineers, U. S. Army, Memphis District and U. S. C. & G. S. Descriptions, elevations and geodetic position of bench marks may be obtained from Memphis Engineer District, Memphis, Tenn. Topography by Corps of Engineers, U. S. Army, Memphis District, 1930-40 Revised by Mississippi River Commission 1932, 1935 and 1940. Political boundaries are shown according to best available information and are subject to change except where established by court decision. Polyconic Projection, North American Datum.

Datum is mean gulf level at Biloxi, Mississippi. Elevations differ from mean sea level elevations as determined by the U. S. Coast and Geodetic Survey, by small fractions of a foot. Persons interested may secure elevations of bench marks as determined by the latest U. S. C. & G. S. adjustments by applying to the U. S. Coast and Geodetic Survey.
