

Public Land Survey System is shown as published in 1963 and verified or supplemented in 1988

The image displays four horizontal rulers, each representing a different unit of measurement. The rulers are arranged vertically and have a light blue background with white markings and labels.

- Kilometers:** The top ruler is labeled "KILOMETERS" in the center. It has major markings at 0, 1, and 2. There are also smaller markings at 0.5 and 1.5.
- Meters:** The second ruler is labeled "METERS" in the center. It has major markings at 0, 1000, and 2000. There are also smaller markings at 500 and 1500.
- Miles:** The third ruler is labeled "MILES" in the center. It has major markings at 0, 0.5, and 1. There are also smaller markings at 0.25 and 0.75.
- Feet:** The bottom ruler is labeled "FEET" in the center. It has major markings every 1000 units, from 1000 to 10000. There are also smaller markings every 500 units.

CONTOUR INTERVAL 5 FEET

To convert feet to meters multiply by .3048  
To convert meters to feet multiply by 3.2808
