

Mapped, edited, and published by the Geological Survey
Control by USGS, NOS/NOAA, and Orange County
Topography by photogrammetric methods from aerial photographs
taken 1946 and planetable surveys 1932. Revised from aerial
photographs taken 1963 and by planetable surveys 1964
Polyconic projection. 10,000-foot grid ticks based on California
coordinate system, zone 5. 1000-meter Universal Transverse
Mercator grid ticks, zone 11, shown in blue. 1927 North American
Datum. To place on the predicted North American Datum 1983
move the projection lines 1 meter north and 84 meters east as
shown by dashed corner ticks
Red tint indicates areas in which only landmark buildings are shown
Certain land lines are omitted because of insufficient data
Dotted land lines established by private survey
The southwest portion of this map lies within a subsidence area
Vertical control based on latest available adjustment
Area covered by dashed light-blue pattern is subject to controlled inundation
There may be private inholdings within the boundaries of
the National or State reservations shown on this map
