

Mapped, edited, and published by the Geological Survey  
Control by USGS, USC&GS, and USCE  
Topography from aerial photographs by multiplex methods  
Aerial photographs taken 1952. Field check 1956  
Polyconic projection. 1927 North American datum  
10,000-foot grid based on California coordinate system, zone 6  
1000-meter Universal Transverse Mercator grid ticks,  
zone 11, shown in blue  
To place on the predicted North American Datum 1983  
move the projection lines 2 meters south and  
78 meters east as shown by dashed corner ticks  
Dashed land lines indicate approximate location  
Certain land lines are omitted because of insufficient data  
There may be private inholdings within the boundaries of  
the National or State reservations shown on this map

ROAD CLASSIFICATION

|  |  |
|--|--|
| Primary highway, all weather, hard surface   | Light-duty road, all weather, improved surface |
| Secondary highway, all weather, hard surface | Unimproved road, fair or dry weather           |
| State Route                                  |  |
