

Prepared by the Army Map Service (CGPM), Corps of Engineers, U.S. Army, Washington, D.C. Compiled in 1956 by the U.S. Coast and Geodetic Survey by photogrammetric methods and from United States quadrangles 1:50,000 and 1:62,500, USGS and USCE, 1951-1954. Planimetric detail revised by photogrammetric methods. Photography field annotated 1954. Map partially revised in 1961 by the U.S. Geological Survey from USGS quadrangles 1:62,500, 1950-58; USGS/USC Sectional Aeronautical Chart, 1:500,000; M. Whitney, 1960; and California and Nevada Department of Highways maps, 1961. Horizontal and vertical control by USGS, USGS/USC, USCE, and City of Los Angeles. Map not field checked.

100,000-foot grids based on California coordinate system, zone 4, and Nevada coordinate system, central zone.

10,000-meter Universal Transverse Mercator grid ticks, zone 11, shown in blue.
