

Prepared by the U.S. Army Topographic Command (GUSX), Washington, D.C. Compiled in 1956 from United States quadrangles, 1:24,000, 1:25,000, and 1:50,000, 1946-51; USGS Charts 1935-53. Planimetry revised in part from aerial photographs taken 1950-52. Map field checked 1956. Revised by the U.S. Geological Survey 1969.

Selected hydrographic data compiled from USCGS Charts. This information is not intended for navigational purposes.

100,000-foot grid based on California coordinate system, zone 3. Certain land grant names and boundaries are omitted to avoid congestion.

Location of geodetic control established by government agencies is shown on corresponding 1:250,000-scale Geodetic Control Diagram.
