

Maped, edited, and published by the Geological Survey
Control by USGS, USC&GS, and USFS
Topography from aerial photographs by multiplex methods
Aerial photographs taken 1948. Field check 1952
Polyconic projection. 1927 North American datum
10,000-foot grids based on California coordinate system, zones 1 and 2
Dashed land lines indicate approximate locations
Unchecked elevations are shown in brown
1000-meter Universal Transverse Mercator grid ticks,
zone 10, shown in blue

CONTOUR INTERVAL 50 FEET
DATUM IS MEAN SEA LEVEL

ROAD CLASSIFICATION
Medium-duty ——— Unimproved dirt ———
Light-duty ———
