30 X 60 MINUTE QUADRANGLE SHOWING

- Contours and elevations in meters
- Highways, roads and other manmade structures
- Water features
- Woodland areas
- Geographic names

Produced by the United States Geological Survey in cooperation with the Bureau of Land Management. Compiled from USGS 1:100 000-scale topographic maps dated 1969-1980. Partially revised from aerial photographs taken 1980 and other source data. Revised information not field checked. Map edited 1981.

Projection and 10 000-meter grid, zone 13 Universal Transverse Mercator. 25 000-foot grid ticks based on Colorado coordinate system, central zone and Kansas coordinate system, north zone. 1927 North American datum. To place on the predicted North American Datum 1983 move the projection lines 4 meters north and 41 meters east.

Land lines are based on cultural development and are not reflected in the original land survey. Certain land lines are omitted because of insufficient data. There may be private inholdings within the boundaries of the National or State reservations shown on this map.
