Compiled from USGS 1:24 000-scale topographic maps dated 1953-1973. Planimetry revised from aerial photographs taken 1975-79 and other source data. Revised information not field checked. Map edited 1982

1927 North American Datum (NAD 27). Projection and 10 000-meter grid: Universal Transverse Mercator, zone 13 25 000-foot tick. Colorado coordinate system, south zone. The difference between NAD 27 and North American Datum of 1983 (NAD 83) is too small to show at this scale. The values of the shift between the datums for 7.5-minute intersections are given in USGS Bulletin 1875

Where omitted land lines have not been established. There may be private inholdings within the boundaries of the National or State reservations shown on this map
