Produced by the United States Geological Survey

Control by USGS and NOS/NOAA

Compiled by photogrammetric methods from aerial photographs taken 1981. Field checked 1982. Map edited 1986

Projection and 10,000-foot grid ticks: Colorado coordinate system, south zone (Lambert conformal conic)
1000-meter Universal Transverse Mercator grid, zone 13
1927 North American Datum
To place on the predicted North American Datum 1983 move the projection lines 3 meters north and 53 meters east as shown by dashed corner ticks
Fine red dashed lines indicate selected fence and field lines generally visible on aerial photographs. This information is unchecked
Where omitted, land lines have not been established or are not shown because of insufficient data

There may be private inholdings within the boundaries of the National or State reservations shown on this map
