

Prepared by the Defense Mapping Agency Topographic Center, Washington, D. C. Compiled in 1955 by photogrammetric methods from aerial photographs taken in 1953. Photographs field annotated 1954. Revised by the U. S. Geological Survey from aerial photographs taken 1975. Map edited 1977.

Area covered by dashed light-blue pattern is subject to controlled inundation 100,000-foot grids based on Colorado coordinate system, central and north zones.

Location of geodetic control established by government agencies is shown on corresponding 1:250,000-scale Geodetic Control Diagram
