

Produced by the United States Geological Survey and National Ocean Survey  
Control by USGS and NOS/NOAA  
Orthophotomap prepared from aerial photograph taken January 18, 1976. Compiled by photogrammetric methods from aerial photographs taken February 1975. Field checked 1981. Map edited 1982. Supersedes topographic map dated 1944.  
Bathymetry compiled by the National Ocean Survey from tide-coordinated hydrographic surveys. This information is not intended for navigational purposes. Mean low water (dotted) line and mean high water (solid) line compiled by NOS from tide-coordinated aerial photographs by photogrammetry.  
Projection and 10,000-foot grid ticks: Florida coordinate system, north zone (Lambert conformal conic).  
1000-meter Universal Transverse Mercator grid, zone 16 1927 North American Datum.  
To place on the predicted North American Datum 1983 move the projection lines 18 meters south and 7 meters west as shown by dashed corner ticks.  
Bathymetry above dam based on hydrographic data obtained prior to dam construction.
