Produced by the United States Geological Survey

Topography compiled 1952. Planimetry derived from imagery taken 1987 and other sources. Photoinspected using imagery dated 1994; no major culture or drainage changes observed. PLSS and survey control current as of 1955. Boundaries revised 1998

North American Datum of 1927 (NAD 27)
Projection: Georgia coordinate system, east zone (Lambert conformal conic)
10 000-foot ticks: Georgia coordinate system, east zone and Florida coordinate system, north zones
1000-meter Universal Transverse Mercator grid, zone 17

North American Datum of 1983 (NAD 83) is shown by dashed corner ticks. The values of the shift between NAD 27 and NAD 83 for 7.5-minute intersections are obtainable from National Geodetic Survey NADCON software

Certain land lines unsurveyed in T. 2 N. - R. 17 E.

There may be private inholdings within the boundaries of the National or State reservations shown on this map

Information shown in purple may not meet USGS content standards and may conflict with previously mapped contours
