Mapped, edited, and published by the Geological Survey

Control by USGS, NOS/NOAA, and Georgia Geodetic Survey

Topography by photogrammetric methods from aerial photographs taken 1971. Field checked 1972

Projection and 10,000-foot grid ticks: Georgia coordinate system, east zone (transverse Mercator)
1000-meter Universal Transverse Mercator grid ticks, zone 17, shown in blue. 1927 North American datum

To place on the predicted North American Datum 1983 move the projection lines 17 meters south and 13 meters west as shown by dashed corner ticks

Fine red dashed lines indicate selected fence and field lines where generally visible on aerial photographs. This information is unchecked

Revisions shown in purple compiled from aerial photographs taken 1983 and other sources. This information not field checked. Map edited 1987
