U.S.G.S. FILE COPY

Edition prepared for the President, Mississippi River Commission. Photo-lithographed and reprinted by Engineers' Reproduction Plant, 1941 from engravings by U. S. Geological Survey with revisions by Mississippi River Commission, 1939. Control by U. S. Geological Survey, Corps of Engineers, U. S. Army and Mississippi River Commission. Descriptions, elevations and geodetic positions of bench marks may be obtained from Memphis Engineer District, Memphis, Tenn. Topography by J. A. Duck, B. H. Yoakum, A. W. Plushnick, J. T. Schultz, R. V. Henderson, Wayne Peebles, R. L. Marx and E. W. Gouchenour of U. S. Geological Survey and by Corps of Engineers, U. S. Army, Louisville, St. Louis and Memphis Districts. Culture and drainage in part compiled from aerial photographs taken by Air Corps, U. S. Army. Missouri part surveyed by Corps of Engineers, U. S. Army and U. S. Geological Survey in cooperation. Surveyed in 1926-1929 and 1931-1939. Revised by Mississippi River Commission 1937 and 1939. Levee work south of Cache River is under the jurisdiction of Memphis Engineer District, Memphis, Tenn. The river, channel and harbor improvements are under the St. Louis Engineer District, Upper Mississippi Valley Division. Work on the Ohio River is under the Louisville Engineer District. Political boundaries are shown according to best available information and are subject to change except where established by court decision. Work under Flood Control Act shown as of December, 1939. Polyconic Projection, North American Datum.
