Mapped, edited, and published by the Geological Survey in cooperation with Kentucky Geological Survey

Control by USGS, NOS/NOAA, and USCE

Culture and drainage in part compiled from aerial photographs taken 1950. Topography by planetable surveys 1952. Revised from aerial photographs taken 1974. Field checked 1976. Map edited 1981

Polyconic projection. 10,000-foot grid ticks based on Kentucky coordinate system, south zone, and Indiana coordinate system, west zone
1000-meter Universal Transverse Mercator grid, zone 16
1927 North American Datum
To place on the predicted North American Datum 1983 move the projection lines 3 meters south and 2 meters east as shown by dashed corner ticks

The state boundary as shown represents the approximate position of the low water line as determined from U. S. Corps of Engineers Ohio River Charts surveyed 1912–1913 and supplementary information

Fine red dashed lines indicate selected fence and field lines where generally visible on aerial photographs. This information is unchecked

There may be private inholdings whithin the boundaries of the National or State reservations shown on this map
