INTERIOR - GEOLOGICAL SURVEY, RESTON, VIRGINIA - 2000

Produced by the United States Geological Survey in cooperation with the Louisiana Department of Transportation and Development

Topography compiled 1980. Planimetry derived from imagery taken 1998 and other sources. Public Land Survey System and survey control current as of 1980

Selected hydrographic data compiled from NOS Chart 11341 (1980) This information is not intended for navigational purposes

North American Datum of 1983 (NAD 83). Projection and 1 000-meter grid: Universal Transverse Mercator, zone 15
10 000-foot ticks: Louisiana Coordinate System of 1983 (south zone)

North American Datum of 1927 (NAD 27) is shown by dashed corner ticks. The values of the shift between NAD 83 and NAD 27 for 7.5-minute intersections are obtainable from National Geodetic Survey NADCON software

This quadrangle covers a subsidence area

Where omitted, land lines have not been established or are not shown because of insufficient data

There may be private inholdings within the boundaries of the National or State reservations shown on this map

Landmark buildings verified 1980
