

LOUISIANA - MISSISSIPPI
NICHOLSON QUADRANGLE

This is a detailed topographic map of the Mississippi River delta region. The map shows the river's course as it branches out into the Gulf of Mexico. Key features include:

- Geographical Features:** Honey Island, Yellow Bayou, Jordan River, and various smaller creeks and bays.
- Settlements:** St. Joe, Gainsville, Westonia, and Nicholson.
- Infrastructure:** Roads, railways, and bridges.
- Topography:** Contour lines indicating elevation and terrain.
- Grid:** A coordinate grid with latitude and longitude markings.
- Labels:** Numerous place names and geographical features are labeled throughout the map.

The map is oriented with North at the top. The right edge of the map is labeled "BAY SAINT LOUIS". The map shows the river's path from the upper left towards the bottom right, with various branches and islands. The terrain is depicted with contour lines, and the water bodies are shown with wavy lines. The map is a black and white reproduction of a historical or official topographic map.

Field work and compilation under the direction of Colonel W. M. Black, Corps of Engineers, Department Engineer, Eastern Department.

Base map compiled from map of Hancock Co., Miss., map of St. Tammany Parish, La. and other data.

Fieldwork by 1st. Lieut. John P. Keeler, C. A. C., Feb. to March 1912 and 2nd. Lieut. F. R. Garcin, C. A. C. March 1914.
