1986
PHOTOINSPECTED 1989

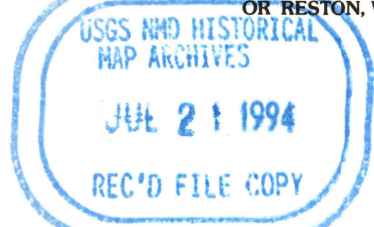

Produced by the United States Geological Survey
Compiled from USGS 1:24 000-scale topographic maps dated 1953-1980. Planimetry revised from aerial photographs taken 1978 and other source data. Revised information not field checked. Map edited 1986
1927 North American Datum (NAD 27). Projection and 10 000-meter grid: Universal Transverse Mercator, zone 18
25 000-foot ticks: New York coordinate system, east zone
Massachusetts coordinate system, mainland zone, and Connecticut coordinate system
The difference between NAD 27 and North American Datum of 1983 (NAD 83) is too small to show at this scale. The values of the shift between the datums for 7.5-minute intersections are given in USGS Bulletin 1875
There may be private inholdings within the boundaries of the National or State reservations shown on this map
