Produced by the United States Geological Survey in cooperation with Massachusetts Department of Public Works
 Control by USGS, NOS/NOAA, Commonwealth of Massachusetts and State of Rhode Island agencies
 Compiled by photogrammetric methods from aerial photographs taken 1980. Field checked 1981. Map dated 1985. This area also covered by 7.5-minute, 1:25,000-scale maps: Tiverton and Westport dated 1949 and 1977. Selected hydrographic data compiled from NOS charts 13221 (1982) and 13228 (1982). This information is not intended for navigational purposes.
 Projection and 1000-meter grid, zone 19, Universal Transverse Mercator.
 10,000-foot grid ticks based on Massachusetts coordinate system maintained zone, and Rhode Island coordinate system 1927 North American Datum.
 To place on the predicted North American Datum 1983 move the projection lines 6 meters south and 42 meters west as shown by dashed corner ticks. There may be private inholdings within the boundaries of the National or State reservations shown on this map.
