GEOLOGICAL SURVEY

1990

Produced by the United States Geological Survey  
Compiled from USGS 1:250 000-scale orthophotomaps dated 1970-1979. Planimetry revised from aerial photographs taken 1988 and other source data. Revised information not field checked. Map edited 1990.  
Projection and 10 000-meter grid, zone 18, Universal Transverse Mercator.  
25 000-foot grid ticks based on North Carolina coordinate system.  
1927 North American Datum.  
To place on the predicted North American Datum 1983, move the projection lines 15 meters south and 27 meters west.  
Offshore projection survey data, shown in red, furnished by the Minerals Management Service. Heavy lines indicate limits of Outer Continental Shelf Official Protraction Diagrams dated August 1, 1975 and June 3, 1976.  
The projections on this map are not for Federal leasing purposes for such purposes refer to the 1:250 000-scale OCS Official Protraction Diagrams available from the Minerals Management Service.  
There may be private inholdings within the boundaries of the National or State reservations shown on this map.
