

Produced by the United States Geological Survey in cooperation with the North Carolina Department of Environment and Natural Resources. Topography compiled 1951. Planimetry derived from imagery taken 1975 and other sources. Photinspected using imagery dated 2000; no major culture or drainage changes observed. Survey control current as of 1953. Boundaries revised 2002. Hydrography by U.S. Coast and Geodetic Survey from surveys dated 1875-1877 and other sources to 1953. North American Datum of 1927 (NAD 27). Projection and 10 000-foot ticks: North Carolina coordinate system (Lambert conformal conic). 1000-meter Universal Transverse Mercator grid, zone 18. North American Datum of 1983 (NAD 83) is shown by dashed corner ticks. The values of the shift between NAD 27 and NAD 83 for 7.5-minute intersections are obtainable from National Geodetic Survey NADCON software. There may be private inholdings within the boundaries of the National or State reservations shown on this map. Information shown in purple may not meet USGS content standards and may conflict with previously mapped contours.

ROAD CLASSIFICATION

Primary highway hard surface	Light-duty road, hard or improved surface
Secondary highway hard surface	Unimproved road
Interstate Route	U.S. Route
	State Route
