

Produced by the United States Geological Survey
Topography compiled 1971. Planimetry derived from imagery taken 1981 and other sources. Photometry derived from imagery dated 1997; no major culture or drainage changes observed. Survey control current as of 1972. Boundaries, other than corporate, verified 2000
North American Datum of 1927 (NAD 27). Projection and 10 000-foot ticks: North Carolina coordinate system (Lambert conformal conic)
10 000-foot ticks: North Carolina coordinate system and South Carolina coordinate system, north zone
1000-meter Universal Transverse Mercator grid, zone 17
North American Datum of 1983 (NAD 83) is shown by dashed corner ticks. The values of the shift between NAD 27 and NAD 83 for 7.5-minute intersections are obtainable from National Geodetic Survey NADCON software
Short dashed blue lines indicate elliptical bay outlines visible on aerial photographs
Information shown in purple may not meet USGS content standards and may conflict with previously mapped contours
