- Highways, roads and other manmade structures
- Water features
- Woodland areas
- Geographic names

U. S. GEOLOGICAL SURVEY

1985  
PHOTOINSPECTED 1991/94

Produced by the United States Geological Survey

Compiled from USGS 1:24 000-scale topographic maps dated 1952-1983. Planimetry revised from aerial photographs taken 1979 and other source data. Revised information not field checked. Map edited 1985 1927 North American Datum (NAD 27). Projection and 10 000-meter grid: Universal Transverse Mercator, zone 14 25 000-foot ticks: North Dakota coordinate system, south zone

The difference between NAD 27 and North American Datum of 1983 (NAD 83) is too small to show at this scale. The values of the shift between the datums for 7.5-minute intersections are given in USGS Bulletin 1875

There may be private inholdings within the boundaries of the National or State reservations shown on this map

Map photoinspected using 1990-91 photographs

No major culture or drainage changes found
