U. S. GEOLOGICAL SURVEY

1985  
PHOTOINSPECTED 1990

Produced by the United States Geological Survey  
Compiled from USGS 1:24 000-scale topographic  
maps dated 1964-1980. Planimetry revised from  
aerial photographs taken 1981 and other source  
data. Revised information not field checked. Map edited 1985  
1927 North American Datum (NAD 27). Projection and  
10 000-meter grid: Universal Transverse Mercator, zone 14  
25 000-foot ticks: Nebraska coordinate system, south zone  
The difference between NAD 27 and North American Datum of  
1983 (NAD 83) is too small to show at this scale. The  
values of the shift between the datums for 7.5-minute  
intersections are given in USGS Bulletin 1875  
There may be private inholdings within the boundaries of  
the National or State reservations shown on this map  
Map photoinspected using 1988 and 1990 photographs  
No major culture or drainage changes found
