

Mapped, edited, and published by the Geological Survey as part of the Department of the Interior program for the development of the Missouri River Basin

Control by USGS and USC&GS

Topography by photogrammetric methods from aerial photographs taken 1960. Field checked 1962

Polyconic projection. 1927 North American datum 10,000-foot grids based on Nebraska coordinate system, south zone and Kansas coordinate system, north zone 1000-meter Universal Transverse Mercator grid ticks, zone 14, shown in blue

To place on the predicted North American Datum 1983, move the projection lines 4 meters north and 37 meters east as shown by dashed corner ticks

Map photosinspected 1976

No major culture or drainage changes observed

Area covered by dashed light-blue pattern is subject to controlled inundation. Dashed blue line at elevation 2785 indicates areas subject to infrequent inundation

CONTOUR INTERVAL 10 FEET
NATIONAL GEODETIC VERTICAL DATUM OF 1929
