WESTERN UNITED STATES 1:250,000

PRODUCED BY THE U. S. GEOLOGICAL SURVEY

Base map prepared by Defense Mapping Agency by photogrammetric methods and from 1:62,500-scale maps dated 1934 and 1935. Field checked 1954 and 1955. Revised by the U.S. Geological Survey from aerial photographs taken 1974-1978 and other source data. Revised information not field checked. Map edited 1981 Areas covered by dashed light-blue pattern are subject to controlled inundation

Transverse Mercator Projection. 10,000-meter Universal Transverse Mercator grid, zone 14. 100,000-foot grid ticks based on Nebraska coordinate system, south zone. 1927 North American Datum. To place on the predicted North American Datum 1983, move the projection lines 4 meters north and 27 meters east

Location of geodetic control established by government agencies is shown on corresponding 1:250,000-scale Geodetic Control Diagram There may be private inholdings within the boundaries of the National or State reservations shown on this map
