

Prepared by the U.S. Army Topographic Command (BESK), Washington, D.C. Compiled in 1955 by photogrammetric methods from aerial photographs taken 1954. Photographs field annotated 1954. Revised in 1973 by the U.S. Geological Survey from aerial photographs taken 1972. Transverse Mercator Projection, 10,000-meter Universal Transverse Mercator grid, zone 13, 100,000-foot grid; based on the North American datum, 1927 North American datum. To place on the projected North American datum 1983 move the projection lines 4 meters south and 44 meters east.

Location of geodetic control established by government agencies is shown on corresponding 1:250,000-scale Geological Survey maps.

There may be grade intrusions within the boundaries of the National or State reservations shown on this map.
