

Mapped, edited, and published by the Geological Survey  
Control by USGS and USC&GS  
Topography by photogrammetric methods from aerial photographs taken 1967. Field checked 1969  
Polyconic projection. 1927 North American datum  
10,000-foot grid based on Nevada coordinate system, east zone  
1000-meter Universal Transverse Mercator grid ticks, zone 11, shown in blue  
To place on the predicted North American Datum 1983 move the projection lines 6 meters north and 73 meters east as shown by dashed corner ticks  
Where omitted, land lines have not been established or are not shown because of insufficient data

ROAD CLASSIFICATION

|                                 |   |             |
|---------------------------------|---|-------------|
| Primary highway, hard surface   | Light duty road, hard or improved surface |             |
| Secondary highway, hard surface | Unimproved road                           |             |
| Interstate Route                | U. S. Route                               | State Route |
