

Produced by the United States Geological Survey in cooperation with Pennsylvania Department of Conservation and Natural Resources, Bureau of Topographic and Geologic Survey. Topography compiled 1952. Planimetry derived from imagery taken 1977 and other sources. Photointerpreted using imagery dated 1994; no major culture or drainage changes observed. Survey control current as of 1953. Boundaries, other than corporate, verified 1998. North American Datum of 1927 (NAD 27). Projection and 10 000-foot ticks: Pennsylvania coordinate system, south zone (Lambert conformal conic). 1 000-meter Universal Transverse Mercator grid, zone 17. North American Datum of 1983 (NAD 83) is shown by dashed corner ticks. The values of the shift between NAD 27 and NAD 83 for 7.5-minute intersections are obtainable from National Geodetic Survey NADCON software. Information shown in purple may not meet USGS content standards and may conflict with previously mapped contours.
