UTM grid convergence (GM) and 1986 magnetic declination (MD) at center of map

Diagram is approximate

To convert meters to meters multiply by 3.2808

To convert feet to meters multiply by 3.048

## Topographic Map Symbols

- |                                                             |  |
|-------------------------------------------------------------|--|
| Primary highway, hard surface                               |  |
| Secondary highway, hard surface                             |  |
| Light duty road, principal street, hard or improved surface |  |
| Other road or street; trail                                 |  |
| Route marker: Interstate, U. S. State                       |  |
| Railroad: standard gauge, narrow gauge                      |  |
| Bridge, overpass; underpass                                 |  |
| Tunnel road, railroad                                       |  |
| Built up area; locality; elevation                          |  |
| Airport; landing field, landing strip                       |  |
| National boundary                                           |  |
| State boundary                                              |  |
| County boundary                                             |  |
| National or State reservation boundary                      |  |
| Land grant boundary                                         |  |
| U. S. public lands survey, range, township; section         |  |
| Road, boundary, section line, promontory                    |  |
| Power transmission line; pipeline                           |  |
| Dam; dam with lock                                          |  |
| Cannal; building                                            |  |
| Windsurf, water wheel, spring                               |  |
| Mine shaft; oil or gas; mining; gravel pit                  |  |
| Contour; picnic area, U. S. location monument               |  |
| Ruin; cliff dwelling                                        |  |
| Disturbed surface: strip mine, lake, sand, and              |  |
| Marsh, meadow; intermediate; supplementary                  |  |
| Bathymetric contours: index; intermediate                   |  |
| Stream, lake; perennial; intermittent                       |  |
| Rapids, large and small; falls, large and small             |  |
| Area to be submerged; marsh, swamp                          |  |
| Land subject to controlled movement; woodland               |  |
| Shrub; mangrove                                             |  |
| Orchard; vineyard                                           |  |
