GEOLOGICAL SURVEY

1992

Produced by the United States Geological Survey

Compiled from USGS 1:24 000-scale topographic maps dated 1970-1982. Planimetry revised from aerial photographs taken 1989-1990 and other source data. Revised information not field checked. Map edited 1992.

1927 North American Datum (NAD 27). Projection and 10 000-meter-grid. Universal Transverse Mercator, zone 15. 25 000-foot grid ticks. Texas coordinate system south central zone.

The difference between NAD 27 and North American Datum of 1983 (NAD 83) is too small to show at this scale. The values of the shift between the datums for 7.5-minute intersections are given in USGS Bulletin 1875.

There may be private landholdings within the boundaries of the National or State reservations shown on this map.
