

Mapped, edited, and published by the Geological Survey

Control by USGS and NOS/NOAA
Topography by photogrammetric methods from aerial photographs taken 1967. Field checked 1968. Supersedes Portland map dated 1951.
Selected hydrographic data compiled from USC&GS chart 523 (1968). This information is not intended for navigational purposes.
Polyconic projection. 1927 North American datum 10,000-foot grid based on Texas coordinate system, south zone
1000-meter Universal Transverse Mercator grid ticks, zone 14, shown in blue
Red tint indicates areas in which only landmark buildings are shown
Water stages in this area vary with meteorological conditions

UTM GRID AND 1975 MAGNETIC NORTH DECLINATION AT CENTER OF SHEET
Approximate limits of occasional inundation shown by dashed blue lines where mean high water is undetermined for lack of visual evidence
Dotted blue lines indicate the approximate limit of low water
Revisions shown in purple compiled from aerial photographs taken 1975. This information not field checked
Purple tint indicates extension of urban areas

ROAD CLASSIFICATION
Primary highway, all weather, hard surface
Light-duty road, all weather, improved surface
Unimproved road, fair or dry weather
U.S. Route
