

Mapped, edited, and published by the Geological Survey  
Control by USGS, USCGS and USFS  
Topography from aerial photographs by multiplex methods  
Aerial photographs taken 1951. Advance field check 1952  
Polyconic projection. 1927 North American datum  
10,000-foot grid based on Utah coordinate system, south zone  
Dashed land lines indicate approximate locations  
Unchecked elevations are shown in brown  
1000-meter Universal Transverse Mercator grid ticks,  
zone 12, shown in blue

CONTOUR INTERVAL 80 FEET  
DASHED LINES REPRESENT 40 FOOT CONTOURS  
DATUM IS MEAN SEA LEVEL

ROAD CLASSIFICATION

Heavy duty	Light duty
Medium duty	Unimproved dirt
U.S. Route	State Route
