

Mapped by the Geological Survey  
1937 and 1944-1945  
JUNCTION 1 MI.  
PANGUITCH 36 MI.  
JUNCTION 1.6 MI.

**ROAD CLASSIFICATION**  
Dependable hard-surface road (solid line)  
Heavy-duty road (dashed line)  
Secondary hard-surface road (dotted line)  
All-weather road (dashed line with dots)  
More than two lanes indicated along road with tick at point of change (line with tick)  
Dry weather roads (dashed line with dots)  
Loose-surface graded (dotted line)  
Unsurfaced, graded (dotted line with dots)  
Dirt road (dashed line with dots)  
State Route (circle with number)  
U.S. Route (square with number)  
APPROXIMATE MEAN DECLINATION, 1946 (arrow with number)

Contour interval 50 feet  
Datum is mean sea level

Polyconic projection, 1927 North American datum  
10,000 foot grid based on Utah (South)  
rectangular coordinate system
