 Supersedes Vashon and Des Moines 1:24 000-scale maps dated 1949
 Bathymetry compiled by the National Ocean Service from tide-coordinated hydrographic surveys. This information is not intended for navigational purposes
 Mean low water (dotted) line and mean high water (heavy solid) line compiled by NOS from tide-coordinated aerial photography updated through 1977
 Projection and 1000-meter grid, zone 10, Universal Transverse Mercator
 10,000-foot grid ticks based on Washington coordinate system, north zone 1927 North American Datum
 To place on the predicted North American Datum 1983 move the projection lines 23 meters north and 93 meters east
 Grey tint indicates areas in which only landmark buildings are shown
 There may be private buildings within the boundaries of the National or State reservations shown on this map
